

Operations Research 1

ESI 3312

Class Periods: MWF, Period 7 (1:55 PM - 2:45 PM)

Location: Weil 1084

Academic Term: Spring 2022

Instructor:

Name: Yu Yang

Email Address: yu.yang@ise.ufl.edu

Office Phone Number: (352) 294-7727

Office Hours: MW 3-4pm, Weil 401C

Grader: Ambareesh Vaidya, please contact him through the Canvas website if you have any questions related to grading.

Course Description

This is a 3-credit course that serves as an introduction to Operations Research, the study of scientific approaches to decision-making, which seeks to design, improve, and operate complex systems in the best possible way under practical constraints. This course will be focused on linear programming models, algorithms, and optimization software to aid in the analysis and solution of complex, possibly large-scale decision problems.

Course Pre-Requisites / Co-Requisites

You need to have a working knowledge of linear algebra (basic matrix algebra, linear independence, solving systems of equations), and some basic programming skills in Python.

Course Objectives

In this course, you will learn to solve deterministic decision problems arising from real-world applications. Upon the completion of this course, you should be able to:

1. model real-world decision problems mathematically
2. implement linear optimization models in Python and call Gurobi for solution
3. understand the simplex method theoretically and apply it to solve small-sized linear programs
4. understand the linear programming duality theory
5. understand the interior point method and its complexity
6. perform sensitivity analysis for small changes in the input data
7. understand and apply specialized algorithms to solve network models
8. understand the solution framework for integer programs and have a sense of the solution challenges

These are lofty goals. To be successful in this class, you will need to invest a lot of your time and be ready to carry a lot of work. It will be rewarding because the techniques you will learn can facilitate your understanding of other classes in the IE curriculum and enhance your problem-solving skills significantly.

Materials and Supply Fees

No fees.

Relation to Program Outcomes (ABET):

Outcome	Coverage*
1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics	Medium
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare,	High

as well as global, cultural, social, environmental, and economic factors	
3. An ability to communicate effectively with a range of audiences	
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts	Medium
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives	
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions	
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies	Medium

*Coverage is given as high, medium, or low. An empty box indicates that this outcome is not covered or assessed in the course.

Required Textbooks and Software

- **Textbook:** *Operations Research: Applications and Algorithms*, by Wayne L. Winston, 4th Edition, (ISBN-13: 978-0534380588 ISBN-10: 0534380581).
- **Software:** Python and Gurobi.

Recommended Materials

Introduction to Linear Optimization, by Dimitris Bertsimas and John N. Tsitsiklis, Athena Scientific 1997 (ISBN 10: 1886529191, ISBN 13: 9781886529199).

Course Schedule (Subject to Change)

Week	Date	Lecture Number	Topic
1	W 1/05	1	Course Introduction
	F 1/07	2	Introduction to Operations Research (Chapter 1)
2	M 1/10	3	Linear Algebra Review (Chapter 2): Concepts and Notation
	W 1/12	4	Linear Algebra Review (Chapter 2): Gaussian Elimination + Linear Independence
	F 1/14	5	Linear Algebra Review (Chapter 2): Linear Independence + Inverse + Quiz 1
3	M 1/17		MLK Day – No class
	W 1/19	6	Linear Programming (Chapter 3): Definition + Applications
	F 1/21	7	Linear Models (Chapter 3): Diet Problem + Scheduling Problem (HW1 Out)
4	M 1/24	8	Linear Models (Chapter 3): Budgeting Problem + Financial Planning Problem
	W 1/26	9	Linear Models (Chapter 3): Production Problem + Inventory Problem
	F 1/28	10	Linear Models (Chapter 3): Multiperiod Problem + Quiz 2
5	M 1/31	11	Modelling Techniques: Absolute Value + Examples

	W 2/02	12	Modelling Techniques: Maximin + Minmax
	F 2/04	13	Modelling Techniques: Flow Balance (HW1 Due, HW2 Out)
6	M 2/07	14	Numerical Solution of Linear Programs: Graphical Solution
	W 2/09	15	Simplex Method (Chapter 4): Standard Form + BFS
	F 2/11	16	Simplex Method (Chapter 4): Convex Optimization Concepts + Quiz 3
7	M 2/14	17	Simplex Method (Chapter 4): Overview + Principle
	W 2/16	18	Simplex Method (Chapter 4): The Simplex Algorithm
	F 2/18	19	Simplex Method (Chapter 4): The Simplex Algorithm Continue (HW2 Due, HW3 Out)
8	M 2/21	20	Simplex Method (Chapter 4): Practice examples
	W 2/23	21	Simplex Method (Chapter 4): Degeneracy + Bland's Rule
	F 2/25	22	Simplex Method (Chapter 4): Big M Method + Two Phase Simplex + Quiz 4
9	M 2/28	23	Numerical Solution of Linear Programs: Basic Python + Gurobi Installation
	W 3/02	24	Numerical Solution of Linear Programs: Basic Gurobi
	F 3/04		Midterm
10	M 3/07		Spring Break – No class
	W 3/09		Spring Break – No class
	F 3/11		Spring Break – No class
11	M 3/14	25	Numerical Solution of Linear Programs: Coding LP Models
	W 3/16	26	Numerical Solution of Linear Programs: Solving LPs by Gurobi
	F 3/18	27	Sensitivity Analysis (Chapter 5): Qualitative Analysis (HW3 Due, HW4 Out)
12	M 3/21	28	Sensitivity Analysis (Chapter 6): Quantitative Analysis
	W 3/23	29	Sensitivity Analysis and Duality (Chapter 6): Dual Interpretation + Shadow Price
	F 3/25	30	Sensitivity Analysis and Duality (Chapter 6): Finding the Dual + Quiz 5
13	M 3/28	31	Sensitivity Analysis and Duality (Chapter 6): Weak + Strong Duality
	W 3/30	32	Network Models (Chapters 7): Transportation + Assignment Problem
	F 4/01	33	Network Models (Chapters 8): Shortest Path Problem (HW4 Due, HW5 Out)
14	M 4/04	34	Network Models (Chapters 8): Bellman Ford's + Dijkstra Algorithm
	W 4/06	35	Network Models (Chapters 8): Maximum Flow
	F 4/08	36	Integer Programming (Chapter 9): Fixed Charges + Knapsack + Quiz 6
15	M 4/11	37	Integer Programming (Chapter 9): Set Packing/Covering/Partitioning + Assignment + TSP
	W 4/13	38	Integer Programming (Chapter 9): Either Or + If Then
	F 4/15	39	Integer Programming (Chapter 9): And + Or + Xor
16	M 4/18	40	Integer Programming (Chapter 9): Branch and Bound + Examples

	W 4/20	41	Integer Programming (Chapter 9): Numerical Solution
	F 4/22		HW5 Due
17	T 4/28		Final

Attendance: Requirements for class attendance are consistent with university policies that can be found at: <https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/>

Class Expectations: To ensure a classroom environment conducive to success for everyone, please turn off cell phones before class starts. Please make an effort to arrive to class on time. If you must enter the classroom late, be considerate and be as quiet as possible. Refrain from leaving early. If you need to do so, be as quiet as possible. Examples of a positive contribution to the class include asking questions that clarify any confusion you might be experiencing, constructively challenging the assumptions of a model, communicating your opinion about an open problem or sharing your personal experience. Examples of a negative contribution to the class include trying to slow down the class with irrelevant questions or making other students feel “stupid”. Individuals whose behavior is detrimental to a good class atmosphere will be notified. Persistent disruptive behavior will result in **grade deductions**.

Homework: You are allowed to discuss problems with other students in the class, and you may refer to online resources, but you cannot share complete answers with each other. If you use any external resources (ideas from classmates, internet, etc.), you must properly mention it at the start of your solution to each problem. You will *NOT* lose any points for telling the truth.

Late Assignment Policy: All homework assignments are due on Fridays and should be submitted in class before 2:45 PM. Late submissions will be deducted 10% for each additional day (submissions on Friday but later than 2:45 PM will also be counted as late for one day and there will be a 10% deduction).

Make-Up Policy: Make-up exams and quizzes will be given only in case of UF-imposed curriculum requirement, religious holiday, jury duty, or a family/medical emergency. You must communicate with me as early as possible about the problem. The quiz with the lowest score will be dropped. That is, 5 highest quiz scores will be included in the student’s overall grade.

Evaluation of Grades

Assignment	Total Points	Percentage of Final Grade
Homework Sets (5)	100 each	25%
Quizzes (5 highest)	100 each	15%
Midterm Exam	100	30%
Final Exam	100	30%
		100%

Grading Policy

Percent	Grade	Grade Points
90.0 - 100.0	A	4.00
87.0 - 89.9	A-	3.67
84.0 - 86.9	B+	3.33
81.0 - 83.9	B	3.00
78.0 - 80.9	B-	2.67
75.0 - 77.9	C+	2.33
72.0 - 74.9	C	2.00

69.0 - 71.9	C-	1.67
66.0 - 68.9	D+	1.33
63.0 - 65.9	D	1.00
60.0 - 62.9	D-	0.67
0 - 59.9	E	0.00

More information on UF grading policy may be found at:

<http://gradcatalog.ufl.edu/content.php?catoid=10&navoid=2020#grades>

Students Requiring Accommodations

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center by visiting <https://disability.ufl.edu/students/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

Course Evaluation

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

In-Class Recording

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

University Honesty Policy

UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Conduct

Code (<https://sccr.dso.ufl.edu/process/student-conduct-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Commitment to a Safe and Inclusive Learning Environment

The Herbert Wertheim College of Engineering values broad diversity within our community and is committed to individual and group empowerment, inclusion, and the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:

- Your academic advisor or Graduate Program Coordinator
- Jennifer Nappo, Director of Human Resources, 352-392-0904, jpennacc@ufl.edu
- Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu
- Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@eng.ufl.edu

Software Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy

There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: <https://registrar.ufl.edu/ferpa.html>

Campus Resources:

Health and Wellness

U Matter, We Care:

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Counseling and Wellness Center: <https://counseling.ufl.edu>, and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

Sexual Discrimination, Harassment, Assault, or Violence

If you or a friend has been subjected to sexual discrimination, sexual harassment, sexual assault, or violence contact the **Office of Title IX Compliance**, located at Yon Hall Room 427, 1908 Stadium Road, (352) 273-1094, title-ix@ufl.edu

Sexual Assault Recovery Services (SARS)

Student Health Care Center, 392-1161.

University Police Department at 392-1111 (or 9-1-1 for emergencies), or <http://www.police.ufl.edu/>.

COVID-19

- You are expected to wear approved face coverings at all times during class and within buildings even if you are vaccinated.
- If you are sick, stay home and self-quarantine. Please visit the UF Health Screen, Test & Protect website about next steps, retake the questionnaire and schedule your test for no sooner than 24 hours after your symptoms began. Please call your primary care provider if you are ill and need immediate care or the UF Student Health Care Center at 352-392-1161 (or email covid@shcc.ufl.edu) to be evaluated for testing and to receive further instructions about returning to campus.
- If you are withheld from campus by the Department of Health through Screen, Test & Protect, you are not permitted to use any on campus facilities. Students attempting to attend campus activities when withheld from campus will be referred to the Dean of Students Office.
- UF Health Screen, Test & Protect offers guidance when you are sick, have been exposed to someone who has tested positive or have tested positive yourself. Visit the [UF Health Screen, Test & Protect website](#) for more information.
- Please continue to follow healthy habits, including best practices like frequent hand washing. Following these practices is our responsibility as Gators.
